

## 2. Bachelor of Christian Education (B.C.E.)

### a. Purpose of the Degree

The Bachelor of Christian Education degree is for people who have discovered the potential of the congregation as a place for children, youth, adults, and families to develop faith foundations for a healthy and abundant Christian life. For this reason, such persons are willing to give up learning the Biblical languages and take extra Christian Education courses instead. After graduation, a student is well prepared to lead a congregation, to nurture the holistic growth of congregation members, and to pursue further studies at the master's level.

### b. Primary Goals of the Program

This program is aimed at nurturing servants and visionary leaders for congregations. It tries to help the student grow in spiritual depth and moral integrity; to give the student comprehensive knowledge in Biblical and theological studies and the ability to articulate faith to themselves and others; to train the student in developing the specific skills needed for effective ministry and public leadership, and to develop a deep understanding of the cultural and social context.

### c. Requirements for Admission

The B.C.E. is a baccalaureate degree. Admission requirements shall include: i) six years of secondary school studies or equivalent; ii) applicants with only a secondary school Form 5 background who are strongly recommended by their congregation may be accepted as non-degree students for one year before being accepted into a degree program. This arrangement is intended to enhance the academic abilities and spiritual growth of the students. Students are required to complete 30 credits of courses with a GPA of 2.30 or above; (students cannot take more than 18 credits in each semester or more than 3 credits in each J term.) iii) applicants must have been baptized at least two years prior to application for study; iv) evidence of the commitment and qualities desired for pastoral leadership; and v) proof of the academic ability to engage in theological study. For more information see VI. Enrollment Procedures.

### d. Courses Required

<b>Old Testament</b>	credits
OT1000 Introduction to the Old Testament	3
3 basic courses (level 2)	9
1 advanced course (level 3)	3

	<b>credits</b>
<b>Required Courses</b>	<b>135</b>
<b>Electives</b>	<b>9</b>
<hr/>	
<b>Total Credits Required for Graduation</b>	<b>144</b>

**e. Credit Hours**

Students in the B.C.E. program cannot take more than 18 credits in each semester or more than 3 credits in each J term.

**f. Assessment**

At the beginning, the middle and the end of studies, each student is assigned to meet with an adviser. Using a questionnaire, the student and adviser will reflect on academic development as well as spiritual growth. The final meeting will, in addition, focus on readiness for ministry.

**g. Residency Requirement**

Since B.C.E. education has a complex goal: the personal, vocational, spiritual, and academic formation of the student, and because of the importance of a comprehensive community of learning, the B.C.E. degree cannot be viewed simply as an accumulation of courses or of individual independent work. In order to ensure an appropriate community life and formation, at least one year of residency on the LTS campus is required.

**h. Duration**

In order to fulfill the broad educational and formational goals of the B.C.E., the program requires at least four academic years of full-time work or its equivalent. The time allowed for completion of the program on a part-time basis may not exceed two times that of the full-time program.

**i. Requirements for Graduation**

- i) In order to earn the B.C.E. degree, a student must complete the requirements for B.C.E. with a GPA of 2.00 or above.
- ii) Satisfactorily meet the standard or requirements of LTS in other aspects.
